AUTHOR INDEX

(A) indicates abstract; (P) patent; (R) review;
(BR) book review; and (TN) technical note.

ACETO, N.C. *See* HEILAND, W.K.
———, *See* KOMANOWSKY, M.
ADACHI, M. *See* HAYASHI, S.
ANGELINETTI, A. R., R. O. GARCIA, N. SIERRA, G. PONCE, V. D. VERA, and J. PARODI. Leather Quality Obtainable with Cattlehides as a Result of Cross-Breeding. (A) 204
ARAI, Y. *See* ARIMA, S.
ARIMA, S., N. MOHRI, I. YOSHIOKA, and Y. ARAI. Application of Chromium (6+) Compounds from Chromium Plating Wastes to Leather Tanning Chemicals. 2. Effects of Co-Existing Metal Ions and Reduction Methods of Chromium (6+) on Leather Quality. (A) 149
———, T. KATOH, I. YOSHIOKA, and Y. ARAI. Utilization of the Ca-containing Ashes Produced by the Incineration of Tannery Sludge as Unhairing Materials. (A) 118
ARUMUGHAM, R., and S. BOSE. Effect of Indomethacin and Naproxen on Lysosomal Stability. (A) 76
ASHUTOSH, N. PANDEY, and J. MEHROTRA. Monoazodyes for Leather. (A). 43

BABKIN, A. G. *See* MOTOV, D. L.
BABU, K., K. RAO, K. JOSEPH, M. SANTAPPA, and Y. NAYUDAMMA. Potassium Permanganate Initiated Graft Copolymerization of Methyl Methacrylate Onto Collagen. (A) 114
———, K. RAO, T. RAMASAMY, K. JOSEPH, Y. NAYUDAMMA, and M. SANTAPPA. Effect of Tanning Agents on the Grafting of Vinyl Polymers to Collagen. (A) 110
BABU, M. *See* JOSEPH, K.
BABU, Y., V. KRISHNAMURTHY, M. MADHAVAKRISHNA, and Y. NAYU-

damma. A Modified Method for the Estimation of Tannins and Nontannin Polyphenols Using Polyamide. (A) 46
BAI, R. *See* JOSEPH, K.
BAILEY, D. G. *See* DIEFENDORF, E. J.
_____, *See* HOPKINS, W. J.
BALAKRISHNAN, R., U. RAMAMOORTHY, and N. RAMANATHAN. Visco-Elastic Properties of Neutron Irradiated Collagen Fibers. (A) 381
_____, and N. RAMANATHAN. Shrinkage Characteristics of Neutron Irradiated Collagen Fibers. (A) 74
BALASUBRAMANIAN, P., and N. RAMANATHAN. Effect of Processing on the Fundamental Frequency and Stiffness of the Circularly Stretched Goat Skin Membrane. (A) 71
BANGARUSWAMY, S. *See* RAJARAMAN, R.
_____, *See* SWAMY, M.

SUBJECT INDEX

Absorption of dyes, retanning effect on 152
Acacia mearnsii bark, tannins in, fungi effect on 281
Acetaldehyde from cod oil autoxidation, tanning in relation to 153
Acetic acid
  in hide preservation 6
  in pigskin preservation 120
ACETO, NICHOLAS C., Biography 277
Acetylation of gelatin, physical properties in relation to 353
Acrolein from cod oil autoxidation, tanning in relation to 153
Acrylic monomers, graft polymerization of, on collagen, tanning material effect 110
Acrylic polymers
  finishes, crosslinking of, by UV radiation 174
  in finishing 36, 240
  tanning with aluminum sulfate, zirconium salts and 37
  tanning with zirconium salts and 32
Acrylonitrile
  graft polymerization of, on casein, for finishes 324
  polymers with styrene, solution properties of 284
Acrylonitrile-butadiene-styrene rubber in finishing 35
Activated charcoal, chloride removal from soaking liquors by 110
Adsorbents, chloride removal from soaking liquors by 110
ALCA
  Auditing Committee Report 235
  Audit Report 143
  Battles New Journal Editor 279
  Budget for 1983 106

Business Meeting Minutes 342
Call for Papers for 1984 Annual Meeting 341, 378
Candidates for the 1983 Election 28
Council Meeting Minutes 29, 103, 194, 318, 373
Directory Changes 196, 350

Status of the Association 235
Alcohols, aryl, hide curing with inorganic salts and 74
Aldehydes
bridging with, of collagen 149
in hide powder tanned with cod oil 117
pretreatment with, for aluminosilicate tanning 201
Alkaline proteinase in Salmonella removal from frog protein meal 381
Alkoxyalkylureas, casein coatings containing, for leather 246
Aluminosilicates, tanning with, aldehyde pretanning for 201
Aluminum chloride
tanning with 40
tanning with vegetable extracts and 201
Aluminum salts
retanning with zirconium salts and, of E. I. goatskins 71
tanning pretreatment with 175
tanning with, review on 111
Aluminum silicates in chrome tanning 152
Aluminum sulfate
in retanning of E. I. goatskins 45
retanning with, of E. I. goatskins, for aniline upper leather 72
retanning with, of E. I. tanned skins, for suede volley ball leather 71
tanning with 40
tanning with acrylic polymers, zirconium salts and 37
tanning with myrobalans and, of buffalo calfskins 112
tanning with, of sheepskin, acrylic polymer pretreatment for 174
tanning with sodium silicate and, of E. I. goatskins 111
tanning with vegetable extracts and 201
tanning with wattle and, syntans in 153
Alum, tanning with, review on 111
Amidation, aminoethyl, of gelatin, physical properties in relation to 353

in presence of zirconium salts, of white hockey ball leather 248
with recycled chrome liquors 117
re-, of E. I. goatskins, for aniline upper leather 72
simultaneously with fatliquoring 324
of upper and softie leather, salt-free pickle for 174
wastewater from, recycling of 109, 175
wastewater from, treatment of 109
Chromium (IV)-diperoxo complexes, thermal and photochemical reactions of, with organic substrates 113
Citric acid in aluminum-chrome tanning 40
CLAYPOOL, P. L., Biography 26
Cleaning of rabbit furs by drumming with sawdust 149
Coating materials
acrylic polymer-rubber blends as 113
casein, containing alkoxyalkylureas, for leather 246
Cobalt salts, tanning with tannins and 217
Cod oil
autoxidation of, tanning in relation to 153
tanning with, hide powder browning in relation to 117

Collagen
acrylic monomer graft polymerization on, tanning material effect on . 110
as biomedical materials 382
bone, metabolism of, in albino rats, protein malnutrition effect on . . . 72
of bovine scapula cartilage, tensile properties of 280
bridging of, with aldehydes 149
enzymes immobilized on, in saccharification of dextrin 150
fibers, neutron-irradiated, shrinkage of 74
fibers, neutron-irradiated, viscoelastic properties of 381
in food, especially cakes 206
methyl methacrylate graft polymerization on, potassium permanganate-initiated 114
in quickbreads 19
COLLAZO, CHARLES J., JR., ASTM Award of Merit to 193
Color
depth of, in dyeing, retanning effect on 152
of leather, differences in 41, 42
matching of, in dyeing and finishing of aniline upper leather 73
matching of, methods of fitting tolerance ellipsoids for 379
matching of, pass/fail test for 354
matching of, preparation of visual data for 379
Coloring of leather with metal salts, syntans and tannins 380
Colour Index, dye classification by 176
Combustion of chrome pigskin scraps, for chrome recovery 118
Comfort, water vapor transmission by leather as factor in 203
Cosmetics, polypeptide surfactants for, from leather wastes 43
CRAIG, JAMES C., JR., Biography 277
Cross-breeding, leather quality in relation to 204
Crosslinking
of acrylic polymer finishes by UV radiation 174
of casein coatings with alkoxyalkylureas 246
CUNDIFF, LARRY V., Biography 190
Curing, low-salt, using biocides 322

DAHMS, MATTHEW P., Biography 190
Deamination of gelatin, physical properties in relation to 353
Degreasing of skins, with acid lipase 381
Deliming
with cyclic carbonates of polyhydric aliphatic alcohols 347
injection of solutions under pressure in 136
Detergents, polypeptide surfactants for, from leather wastes 43
Dextrin, saccharification of, by collagen-immobilized enzymes 150
Dicyandiamide polymers, chromium complexes, tanning with 202

DIEFENDORF, EDWARD J., Bibliography 131
Diffusion of salt from brine-cured cattle hides, model for 286
Disulfides in soaking 34
Dog chew leather 115
Dyeing
absorption and color depth in, retanning effect on 152
of aniline upper leather, colorant formulation in 73
for color matching, cost reduction in 46
dynamic actions in 152
of jet black suede leather, tanning effect on 75
rinsing effect on 154
of wool, with reactive dyes 176
Dyes
classification of, by the Colour Index 176
monoazo, for leather 43
reactive, for wool 176
sulfur 175

EBRO, L. L., Biography 26
Effluents. *See* Wastewater
Elastin from limed hide trimmings 242
Electroplating, wastewater from, chrome recovery from 149
Embossing of grain pattern on polyurethane foam leather substitutes 239
Enzymes
in autolytic unhairing of goatskins 44
for bating, analysis of 202
immobilized on collagen, in saccharification of dextrin 150
immobilized pancreatic, unhairing by 73
in unhairing 44, 46
in unhairing of goatskins 44
Esterification, methyl, of gelatin, physical properties in relation to 353
Ethyl acrylate, polymers with butyl methacrylate, blends with chlorinated rubber, as coatings 113

Fatliquoring
injection of solutions under pressure in 36
simultaneously with chrome tanning 324
Fats, fixed and free, in leather 283
Felt, waste, conversion to proteins 328
Fibers
leather substitutes from polymers and 238
silk, formation of 326

Finishes, acrylic-casein graft copolymers as 324
Finishing
acrylic polymer crosslinking in, by UV radiation 174
acrylic polymers in 36, 240
of aniline upper leather, colorant formulation in 73
with rubber latex 35
by transfer film 74
Flaying, apparatus for 241, 244
Fleshing, apparatus for 243
Food, collagen in 19, 206
Formaldehyde
bridging with, of collagen 149
from cod oil autoxidation, tanning in relation to 153
copolymers with phenol and pyrogallol, particle boards from 322
tanning, polyphosphates in 201
Formic acid in pickling 241
FREEDSON, DONALD, Obituary 340
Frog legs, protein meal from, Salmonella removal from, by alkaline proteinase 381
Fuels from tannery wastes 35
Fungi, tannins in black wattle bark in relation to 281
Fur
from cross-bred Angora goatskins, dressing of 323
rabbit skins, cleaning of, by drumming with sawdust 149

GAGNON, F., Biography 338
Gallic acid, determination of, with polyamides 46
Gelatin
chemical modification of, physical properties in relation to 353
manufacture of, from steerhide 118
Gloves
leather for, from Papra skins 283
for wicket keepers, leather for, from calfskins 76
Glucoamylose immobilized on collagen, in saccharification of dextrin 150
Glutaraldehyde
bridging with, of collagen 149
pretreatment with, for chrome tanning of upper and softie leather 174
in retanning of E. I. goatskins 45
tanning pretreatment with 201
Goatskin
autolytic unhairing of, enzymes in 44
cross-bred Angora, dressing of furs from 323

curing of, with aryl alcohols and inorganic salts 74
glace kid leathers from, strength of 46
leather manufacture from, water consumption and wastewater volume in 200
preservation of, by non-steroidal anti-inflammatory drugs 323
retanning of E. I., for aniline upper leather 72
retanning of E. I., with aluminum and zirconium salts 71
semichrome glazed leather from 45
sun-dried membrane, for musical drums, fundamental frequency and stiffness of 71
tanning of E. I., aluminum-silica 111
unhairing of 44
Gold coverings for sheepskin leather 382
Graft polymerization
of acrylic monomers on casein, for finishes 324
of acrylic monomers on collagen, tanning material effect on 110
of methyl methacrylate on collagen, potassium permanganate-initiated 114

Hair
human, keratin of, fractionation and amino acid composition of 116
morphology of 115
HAWBECKER, WOODROW, D., Obituary 192
Health hazards of hydrogen sulfide near pickling drums 76
HEILAND, WOLFGANG K., Biography 277
HEINZE, HELGA, Biography 100
HERNANDEZ, JUAN F., Biography 227
Hexamethylenetetramine
in pickling 241
pickling in presence of 32
Hide defect, vertical fiber, a biopsy study of Hereford and Angus cattle of known genealogy 178
Hides
curing of, with aryl alcohols and inorganic salts 74
preservation of, with Bronidiol, synergism with salt or sodium pentachlorophenate in 248
preservation of, with sodium carbonate 48
preservation of, with sulfites 6
preservation of, with sulfur dioxide, low temperatures and added salts in 356
production prospects in the eighties 110
salt diffusion from brine-cured, model for 286
skiving machines for 238

stretching of, apparatus for 38
treatment of, by injection of solutions under pressure 36
trimmings from limed, elastin from 242
washing machine for 246
wet-blue, reliming effect on 151
HOAGLAND, PETER, D., Biography 227
Hydrogen sulfide, poisoning by, near pickling drums 76
Hydrothermal stability of chrome leather, benzene polycarboxylic acid effect on 39
P-Hydroxybenzoic acid, determination of, with polyamides 46
Hydroxylation of phenol and proline, with chromium diperoxo complexes . 113
Hydroxyproline, formation of, in proline hydroxylation by chromium diperoxo complexes 113

Indomethacin, lysosome stability in relation to 76
International Fastness Committee for Leather Dyestuffs and Dyed Leather recommended test methods 69
Iron salts
tanning with, review on 111
tanning with tannins and 217
Isocyanates-bisulfite adducts with primary amines as tanning materials ... 223
IULTCS
congress to be quadrennial after XVIII 67
report on XVIII Congress of 372
XVII Congress of, 700 registered for 172

Keratin of human hair, fractionation and amino acid composition of 116
Knoppers on *Quercus pedunculata,* tannins in 153

Lead salts, tanning with tannins and 217
Leather
alternative E. I. process for 381
aniline goatskin upper, processing of 75
for batting gloves 280
bookbinding, from flour-tanned sheepskins 380
buffalo calf-upper, manufacture of 112
calfskin, for wicket keepers' gloves 76
chamois, manufacture of 112
chrome and semichrome glace kid, strength of 46
chrome, hydrothermal stability of, benzene polycarboxylic acid effect on 39

chrome lace, manufacture of 281
chrome pigskin scraps, combustion of, for chrome recovery 118
chrome, shaving of 200
chrome, tanned with chrome from plating wastes, metal ion effect on . 149
color differences in 41, 42
color matching of, pass/fail test for 354
commercial clothing, general properties of 150
cream-colored water resistant cowhide glove shell 127
cycle saddle, from bag tanned buffalo hides 113
dog-chew 115
encyclopedia of, book review on 173
export of, from India 112
export of, trade barriers in 326
fixed and free fats in 283
garment, from flour-tanned sheepskins 324
glazed aniline shoe lining, from E. I. sheepskins and goatskins 72
glazed nappa garment, from E. I. wool sheepskins 109
glove, from flour-tanned sheepskins 324
glove, from Papra skins 283
grip, for tennis rackets 115
hair-on, for toys 114
for hand balls 248
insole, from vegetable-tanned bend splits 129
lightfastness of conventionally dyed, sulfonamide effect on 33
light weight semi-chrome nappa garment, from E. I. wool sheepskins . 322
manufacture of, chrome conservation in 200
market for, effect of politics and fashion on 325
metal coverings for sheepskin 382
nappa, evaluation of processes for 109
nappa garment, from wet salted buffalo hides 115
from pigskins, quality problems with 174
quality of, cross-breeding effect on 204
reversible fur suede garment, from sheepskins 325
for rugby balls 76, 248
semi-chrome glaze kid, wet rub fastness and depth of shade of 323
semichrome glazed goatskin 45
shearling, from sheepskins 380
shrunken grain, from wet-salted buffalo calf skins 284
for ski pole straps 168
softness of, formula for 353
softy bag, from E. I. kips 43
softy bag, from wet salted cow hides 43

suede and upper, from buffalo hides 73
suede garment, from E. I. goatskins 71
suede garment, manufacture of 71
suede garment, from sheepskins 74
suede, for volley balls, aluminum sulfate retanning of E. I. tanned skins for 71
upholstery, from bag-tanned cowhide 75
upper and softie, manufacture of 174
upper, from bag-tanned splits 110
upper, from E. I. goatskins, with aluminum-silica combination tanning 111
washable suede garment, by oil tanning 282
wastes, chrome recovery from 35
wastes, conversion to proteins 328
wastes, leather substitutes from 34
wastes, polypeptide surfactants from, for cosmetics and detergents ... 43
water vapor transmission by, as comfort factor 203
from wet blue hides 116
white, for hockey balls, chrome-zirconium tanning of 248
zug grain, from bag-tanned leather 280
Leather industry
fundamental research in 251
technology transfer in 324
Leather substitute
from fibers and polymers 238
from polymers and hollow synthetic fibers 245
from polymers and textiles 242, 244
from polyurethane foam, embossing grain layer of 239
from polyurethanes, review on 322
from waste leather 34
Levotan K, shrinkage temperature increase with 202
Lightfastness of conventionally dyed leather, sulfonamide effect on 33
Ligninsulfonate, tanning with aluminum sulfate, chestnut and 201
Liming
effect on tanning 115
injection of solutions under pressure in 36
polymers in 242
re-, wet-blue hide properties in relation to 151
with sodium hydoxide and sodium sulfate 39
wastewater recycling in 109
Lipase, acid, in skin degreasing 381
Lubrication, rinsing effect on 154
Lysosomes, stability of, effect of indomethacin and naproxen on 76

Maleic acid, polymers with styrene, sheepskin pretreatment with, for aluminum tanning 174
Malnutrition, protein, metabolism of bone collagen in albino rats in relation to 72
Manganese salts, tanning with tannins and 217
Masking agents, Calgon as, in chrome tanning 248
Metabolism of bone collagen in albino rats, protein malnutrition effect on . 72
Metals, determination of, in tanning materials, by atomic absorption spectrometry 78
Metal salts
coloring of leather with syntans, tannins and 380
tanning with tannins and 217
Methacrylonitrile, polymers with styrene, solution properties of 284
Methyl methacrylate
graft polymerization of, on collagen, potassium permanganate-initiated 114
graft polymerization of, on collagen, tanning material effect on 110
Micelle formation of synthetic tanning materials 111
Microorganisms
resorcinol oxidation by 114
of soil, tannery wastewater effect on 114
Microprocessors in control of wastewater recycling 203
Molybdenum salts, tanning with tannins and 217
Morphology of hair 115
Muffins, collagen in 19
Musical drums, sun-dried goatskin membrane for, fundamental frequency and stiffness of 71
Myrobalans
tanning with 44
tanning with aluminum sulfate and, of buffalo calfskins 112
tanning with naphthalene syntan and 280, 281, 284

NAGHSKI, JOSEPH, remarks of, on his retirement as Editor-in-Chief of the Journal 234
Naphthalenesulfonic acid
pickling with, for upper and softie leather 174
synthetic tanning materials from 74
Naphthalene syntan, tanning with myrobalans and 280, 281, 284
Naproxen, lysosome stability in relation to 76
Neutrons
collagen fibers irradiated by, shrinkage in relation to 74
collagen fibers irradiated by, viscoelastic properties of 381
Nickel in leather tanned with chrome from plating wastes 149

Nickel salts tanning with tannins and 217
Nitrogen-containing heterocycles in hide soaking 240
Notes for contributors 2

recycling, drum modifications for 154
recycling, in hide treatments 109
recycling, microprocessors in control of 203
recycling of spent chrome liquor 117
recycling of spent chrome liquor, versus high-exhaustion tanning 90
sludge incineration, unhairing with calcium-containing ashes from ... 118
sulfide oxidation, in beamhouse effluent 203
at Tanners' School Senai (Brazil) 204
technical and economic factors in design of 380
Water consumption in goat- and sheepskin tanneries 200
Waterproofing of leather, with ammonium oleate 109
Water vapor transmission by leather, as comfort factor 203
Wattle
retanning with, of E. I. goatskins, for aniline upper leather 72
tanning with aluminum sulfate and, syntans in 153
Wattle bark, black, tannins in, fungi effect on 281
WEDERBRAND, OSCAR, Obituary 340
Wool, dyeing of, with reactive dyes 176

Zinc in leather tanned with chrome from plating wastes 149
Zirconium salts
retanning with aluminum salts and, of E. I. goatskins 71
tanning with acrylic polymers and 32
tanning with acrylic polymers, aluminum sulfate and 37
tanning with, review on 111
